Standard Showers

Standard Low Profile Base

Standard Shower bases are available in over 90 sizes & options. A standard size will work for most remodels and can be matched with our wall panels, shower accessories and shower seats.

Custom Showers

Custom Shower base with Ultra Wide Caddy

Custom Shower bases can be made in any size & shape. Special drain locations, walk-in designs, angled curbs, glass block applications, ramp accessibility, and special angles are all possible with custom showers. Onyx wall panels, accessories and seats can be made any size to match the custom shower bases.

Shower Base Measuring Hints

- Stud-to-stud measurements are the best
- How wide?
- How deep?
- Where is the drain located?

Most shower areas will match one of our many standard sizes

Custom shower bases can be made almost any shape or size
